At Furniture on the Move, we share your passion
for creating beautiful and memorable events.
We focus on providing pieces that are on trend,
elegant, bold and stylish, to help you realise your creative vision.

Over the years we have seen a succession of interior design trends gaining
popularity. From the rawness and authenticity of the industrial style
to the polished metals of 70s inspired glam,
from the clean functional lines of mid-century modern to
today's bright and bold "millennial" pink accent pieces.

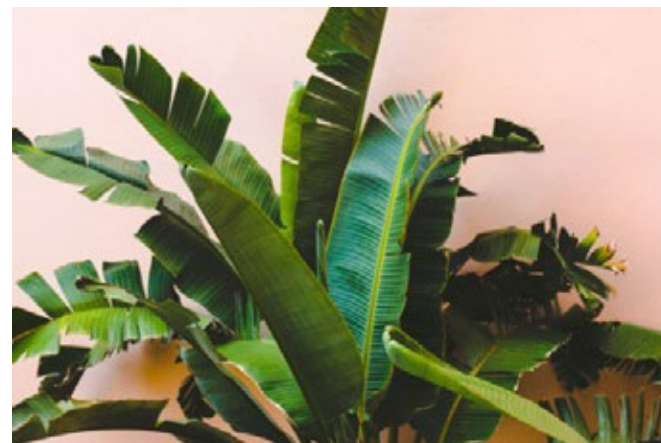

With such a variety of styles to choose from, what makes a look perfect?
We believe that the perfect look is the one you have envisioned
and with over 350 ranges of furniture,
we can make any concept come to life.
